The purpose of this Library Activity report is to document the efforts and impact of our Reading Club (Vachankatta) Activity. An integral part of our initiative is to introduce Second Year students to the books available in their Dravyagun Vigyan subject. Our main goal is to encourage students to use library resources.

➤ **ABOUT THE ACTIVITY :**

On the occasion of Environment Day, this library activity was organized with collaboration of Department of Dravyagun Vigyan for the BAMS 2nd year students of Ashokrao Mane Ayurvedic Medical College and Hospital, Wathar Tarf, Vadgaon. The Central Library provided some books related to the subject of Dravyagun Vigyan for the Reading Club (Vachankatta).

This activity was organized in the Garden of Dravyagun Vigyan. Dr. Abhaykumar Kulkarni, HOD & Dr. Aishwarya Joshi, Assistant Professor Department of Dravyagun Vigyan told the students the name of some plants and asked them to find all their information in the books provided by the library. Miss. Hempushpa M. Kumbhar, Librarian explains the importance of reading. Miss. Shailaja Magdum assist student to find the information. This activity showed that being in the presence of nature increases the joy of reading.

➤ **Challenges & Solutions:**

We carried out this activity very effectively in a limited space. Since there was no seating arrangement in the garden, the students had to stand to carry out this activity. With the help of the students, we shot a video of this activity on mobile.

➤ **Conclusion & Recommendations:**

A library activity called READING CLUB (VACHANKATTA) was organized for the Second year students at Ashokrao Mane Ayurvedic Medical College and Hospital, Vathar Tarf, Vadgaon. The Reading Club (Vachankatta) not only introduced students to books but also made them realize that being in the presence of nature enhances the joy of Reading. If library activities in the future also receive similar response from all, the library resources will be utilized to the maximum.
